Passport Number: 8260 4601 0083 357

Wolfy was bought last year for a riding school and was used for both lead rein and off lead rein, in the indoor school and out hacking. He proved to be nice and steady off lead rein in walk and trot for little riders. He is not getting enough work at the moment and not being turned out so has got a bit a bit fresh and can occasionally buck. Wolfy will be sadly missed by some the little riders.

Black Mare 8 yrs 12.3hh

Passport Number: 8260 6900 0215 757

Bee is a cob mare who has previously been re-broken and was bought for the grand kids but they have lost interest. She was being walked and trotted off lead rein; she is still green but will be a great kids pony or driving pony when going. She is good on the lunge and long rein. She is good to do in all ways; feet, clip, load, teeth, catch and great with kids.

**21 Skye NO VAT**

Chestnut Roan Mare 6 yrs 15hh

Passport Number: 8260 6900 0229 223

H/W Cob mare rising 7, good to box, clip and shoe. Excellent to handle, very sweet and kind. She has exceptional paces for a horse of her type and will make an excellent project for an experienced rider as she is still very green and not suitable for a novice.

**22 Lexi** **NO VAT**  
Grey Mare 13yrs 15.2hh

Passport Number: 5115 138

Irish sports horse. Lexi is a forward going ride and is off the leg and listens well to voice command. She has good brakes, works in a lovely consistent outline and is very soft in the mouth, with three collected paces. However, Lexi can put her ears back in transitions and do a tiny buck but nothing else, they don't unseat you and she doesn't do it all the time. Lexi hacks out by herself and with others; she isn't fazed by anything and will happily go in any position; however she does prefer the front and does get a little impatient when asked to stop out hacking, However doesn't do anything, just wants to walk on . Lexi has a very scopey jump and really loves this! She has jumped around 1M . Lexi has competed at some local shows and always placed! Lexi is good for the dentist and farrier and is updated with everything and is fully shod. Lexi is also good to catch and lives out in a mixed herd and this doesn't bother her. She can live in or out, it doesn't make a difference to her. Lexi also has massages every 6 months and the masseur is very happy with her and says her back is good.
