This is a sad sale due to Vendor being ill last year and not fully recovered. Spartan Mix (stable name "Stanley") has been with current owner for over 2 years and he is a lovely young horse. He would make a great competition horse. He has 3 lovely paces and can jump. His education was coming along great until owner's illness put a stop to it last year. He is back in work but can no longer be given the time he needs. He is good to box, clip, he has his feet trimmed regularly and doesn't need shoes. Hacks out mainly in company but has been out alone and was fine. Up to date with vaccinations, dentist and worming. He will live in or out all year round. Has been seen to wind suck after food.
