Dam Tiptoe Silverlight
Grand Dam Starlight

Passport Number: NFPBM810

Project/companion pony. Cheyenne is stunning pony broken to ride and drive but sadly been out of work for past 3 years due to lack of rider and so is still green in both. She hasn't had enough consistent attention for her to go further. Up to date with wormer/farrier and loads really well. She has been known to rear when re-breaking so needs patience and experience therefore not suitable for children. She has a lovely sweet temperament and could excel in the right hands.

Passport Number: 8260 7300 1538 057

A chunky feathery cob, unbroken, has been bitted. Has done plenty of showing in hand from being a yearling. Would make a nice ride & drive. Has lived out in summer & stabled up in winter, has been rugged up. For the last 8 months he's been a companion horse, so hasn't had much done with him. Needs restarting with basic ground work. Ripley is very friendly, never a problem to catch. He's been living on his own for the past 3 weeks & is looking for someone to give him the time & love he deserves. He is good to load in a trailer & good as just a companion for a bad loader. He's looking for a home with knowledge about youngsters.
