

YORK MACHINERY SALE

NOVEMBER TIMED ONLINE AUCTION RESULTS

STRONG DEMAND CONTINUES THROUGH AUTUMN

Traditionally the November auction has been a smaller end of year sale. However this year saw not only a full sale field but a good quality line up particularly in the tractors and livestock equipment. The continuing disruption to the supply chain meant that demand and prices remained very strong; in the tractors and loaders section there was a 90% clearance and overall 84% of lots went to a new home.

3 JD 5080R - To £19,200
